On November 12, the draft City Budget will be presented at City Council. It will determine the services the city will provide and how it will raise money to do so.

As City Council faces the challenge of finding savings or raising fees in order to keep tax increases low, many worry there will be reduced services.

Come learn what is in the draft budget, and how you can give your ideas to Council before the final budget vote on Dec 9th.

Come and learn what is in the draft City Budget and how you can make your voice heard! [Visit Ottawa.ca](http://VisitOttawa.ca)

Refreshments **will be served**.

Reimbursing Expenses: We have limited funds for those of us who need to have childcare, bus tickets or transportation reimbursed in order to participate. Help us keep parking costs low, by taking the bus or trying to find a parking spot that is free after 7 p.m.
